

Placing an obituary

Announcing the death of a family member is a time-honoured tradition as life should be celebrated and never forgotten. To help you to celebrate the life of your loved one and share details about the upcoming funeral, place an obituary in our newspaper, free of charge.

You can include the date of death, details about their life and surviving family members. You can also write a special message, a poem or a prayer. Please include a photo and the date, time and place of the memorial service.

If you would like to place an obituary in *Platinum Weekly / Platinum Bushvelder*, send the information via WhatsApp to 072 482 6871 or email news@platinumweekly.co.za / news@platinumbushvelder.co.za.

Law-abiding citizens gathering outside the Rustenburg Licencing Offices – some there for the fifth time this month!

Rustenburg – While we rejoice that the one-and-only Licensing Card Machine in South Africa has been fixed and is in operation as of Tuesday 25 January, the woes at the Rustenburg Traffic Department is a one-way street. Some community members feel they've done what they could and have given up entirely on trying to renew their driver's licences.

The gates to the Rustenburg Licencing Offices were closed on Tuesday 25 January, and additional security were called in to calm the enraged crowd. The Rustenburg Local Municipality issued a notice that the department were closed for two days, 24 and 25 January, as a result of a burst water pipe in Dr Moroka Drive (their water supply).

Debbie Snyman shared her story with *Platinum Weekly*. She was in line at the Licencing Offices, on Friday 21 January just before 05h00 to renew her driver's license.

Debbie was first in line. She was allowed to park her vehicle inside but had to stand outside at the gate until they opened. Employees pitched up after 08h00 and eventually let people into the premises at 08h30. They were eventually allowed in the waiting area where they sat for about an hour and were then told the system was offline.

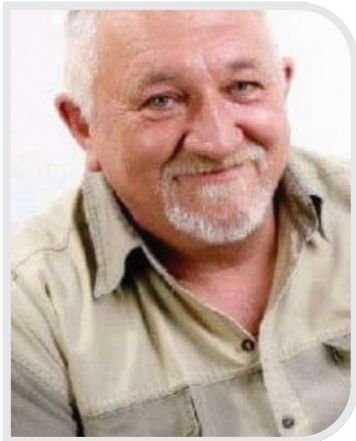

Yet, she stayed, just in case the system got restored. Debbie waited until 13:00. That's 8 hours later, and she finally decided to leave. On Monday, Debbie got to the offices early at about 06h00 and was no.8 in line. She waited until 10h00. The employees let the first 10 people enter but told them that they had no water. "We don't want to go to the bathroom, we just want our licenses," Debbie told them. And they were let inside. They submitted their paperwork and once that was done, they were sent to a next-door building to make payments. While in that

queue, just before lunch, the staff asked everyone to exit the building, as the system was offline. On Tuesday Debbie went again... She said 'hi' to the other regulars trying get their licenses and they shared their experiences about their efforts to get their licences renewed.

Some had to put in three leave days to come to the offices, three days in a row. Some had to take unpaid leave days. Petrol and eye tests (which cannot be performed at the Licencing Offices) also added fuel to the fire. What can a man do?

They were again informed that the water pipe is not yet fixed.

They pleaded with the staff to let them inside and promised them that they won't use the bathrooms – in fact, they asked them to lock it and throw away the key. Soon the crowd got closer to the gate and additional security was called. And then the next day... and so are the days of our lives.

In remembrance

The office was left in a mess after the last burglary.

Hospice vandalised 6 times over past 3 months

Rustenburg – Hospice Rustenburg seems to have a target on their back. The first incident was on 5 November 2021 with the most recent on Friday 21 January 2022. What's more... not only are items being stolen, but the office is left in a complete mess. Needless to say, Hospice Rustenburg needs to beef up their security – but with limited funds, they need assistance from the community. In an interview with *Platinum Weekly*, Hospice Rustenburg manager Elize Robus said: "I don't even want to go into my office anymore. It really puts you on edge."

TAXI RANK SHOOTING CLAIMS TWO

Rustenburg – The police in Rustenburg are investigating an incident in which two people were shot and killed at the main taxi rank in Rustenburg on Thursday 20 January at around 20:30. Three bystanders were also injured during the shooting incident. Police spokesperson colonel Adéle Myburgh

confirmed that two cases of murder and three of attempted murder are currently under investigation. Describing the incident, Myburgh said: "An unknown group of people started shooting at two taxis. One taxi driver and an unknown commuter, who are both Lesotho citizens, were fatally wounded." She added: "Three bystanders, a woman from Lesotho and two South African men, were also injured. The motive behind the shooting is unknown and no arrests have been made as yet." **If you have any information that can assist police investigations, please contact constable Benjamin Moruane on 082 772 6925, or visit your nearest police station or contact Crime Stop on 08600 10111.**

CLOVER DISTRIBUTION DEPOT ROBBED

Rustenburg – On Sunday morning at about 05h20, NeuVors Security and Protection operations manager Gert Erasmus was about to pick up an employee on the R24 when he heard a whistle and muffled shout. A tied-up security guard, bound at his feet and hands, struggled to make his way to Erasmus. Erasmus immediately untied the man – who then sounded the alarm that he was overpowered by four men who looted Nico Roux's Clover Depot, where he was stationed as a guard for the night. Erasmus immediately alerted the authorities. The guard told Erasmus that while he was

on patrol at around 1am that morning, he was overpowered by intruders. They took his cellphone and panic button and left him in the veld. The guard also told Erasmus that the suspects knew how to disarm the security system. "They also took the digital video recorder – (DVR) system," Erasmus told *Platinum Weekly*. The suspects got to the safe, forced it open with a grinder and got away with an undisclosed amount of cash. A case has been opened at the Rustenburg Police and investigations continue.

The truck collided with an oncoming train.

When trucks and trains collide...

Rustenburg – On Tuesday 25 January at approximately 11h00, a train collided with a truck at the railway crossing between Zinniaville and Rustenburg North. According to eyewitnesses, the truck did not stop at the stop-sign just before the rail crossing. Trauma Rescue rushed to the scene. The driver of the truck sustained injuries (not life-threatening) and was assisted by emergency care practitioner (ECP) paramedic Hesmarie Alpine and transported to Medicare Hospital.

Choose the bank that helps you get credit right.

We get it, money's tight. That's why you need the right bank and the right credit solutions. Let us help you ensure your credit is carefully considered, well budgeted for, and taken for the right reasons, whether it's doing renovations or furthering your education. Understanding how to free up cashflow while using debt responsibly can add real value to your life when you need it the most.

Save by switching: Switch your qualifying credit into a single credit agreement and pay one monthly fee. The revised personalised interest rate might be lower when consolidated, which frees up cashflow.

Earn eBucks: Having your credit with FNB unlocks maximum rewards for your day-to-day banking. Earn and spend eBucks at over 30 online or in-store partners including Checkers, Clicks, Engen, Shoprite and Takealot.

Keep track: The golden rule is: Don't take on more credit than you can afford. Once you have credit, make sure you meet your minimum repayments every month. A tool such as nav»Money on the FNB App provides handy updates about your credit status to help you manage your credit 24/7, and you can earn eBucks too.

You don't need a one-size-fits-all bank. You need a my-life-my-choice kind of bank.

The suspects also damaged the doors of the quick shop at the filling station.

A Standard Bank ATM was damaged by the explosion

The FNB ATM was obliterated on Sunday 23 January 2022.

ATM bombing did not pay

Rustenburg – Police are unsure if the criminals who bombed an ATM on Sunday 23 January got away with any money. SAPS spokesperson in the North West, colonel Adele Myburgh told *Platinum Weekly*: “The ATM was blown apart and we are not sure if the suspects fled with any money. Some of the money was shredded and all of it was stained with dye because of the explosion.”

The incident occurred at the Shell garage along the N4, just past the Kroondal off-ramp towards Pretoria. Apparently, at around 2:15, three people acting suspiciously were noticed by the petrol attendants shortly before the bomb went off. The explosion, which destroyed an FNB ATM, also damaged a Standard Bank ATM. The door to the quick shop at the filling station was damaged during the incident.

Broad daylight robbery

Rustenburg – On Tuesday 18 January, an unknown number of suspects entered a security complex in Joubert Street in broad daylight. Reportedly, the security guard was on sick leave that day... After gaining access to one of the flats on the

ground floor by forcing open burglar proofing, the suspect(s) got away with several electronic items, jewellery, expensive wine and special vinegar. A case was opened at the Rustenburg Police Station.

CRIMINALS RAMPANT IN DERBY

Derby – Several crime-related incidents this past week were reported to the *Platinum Weekly* newspaper. In the first case, Chris Jansen’s house was broken into on Sunday 23 January with his elderly mother inside – now traumatised. According to Derby neighbourhood watch member Peet Els, Chris was making a pair of leather shoes for a disabled person in his work-garage while his mother, 88-year-old Caty Jansen was sleeping in her room. She heard someone coming in and initially thought it was Chris – but soon realised she heard two people. With her door deadbolted, she stayed silent until she was sure the criminals left. Then only could she muster the strength to call out for Chris. The suspects stole various electronic devices. A case was opened at the Koster Police Station.

- In the second incident, Els reported that Telkom cables were stolen on 17 January. When a community member spotted the criminals, they took off in a grey Toyota Tazz. The neighbourhood watch was dispatched but there was no trace.
- In the third incident, a car battery and a few other items were stolen from a garage on 18 January.
- The very same day, suspects tried to gain access to a Wendy House, and in another incident, two male suspects were walking down the street, during broad daylight and stole a manhole cover. They were caught on camera.

Criminals gained access to Chris Jansen’s house through the window.

DAUGHTER PAID HITMEN R100,000 TO MURDER FAMILY

HITMEN AND DAUGHTER RELEASED ON BAIL OF R10,000 EACH

Brits – Evidence presented before the Brits Magistrates’ Court revealed that murder suspect Onthantile Sebati transferred R100,000 into a bank account belonging to one of the hitmen she had hired to kill members of her family. Sebati, together with Tumelo and Kagiso Mokone stand accused on four counts of murder, robbery with aggravating circumstances, the possession of a firearm, possession of ammunition and theft. After lengthy court proceedings, the trio appeared before court again on Wednesday 26 January 2022. This follows an incident on 6 December 2016 in which Sebati’s 42-year-old father, a 40-year-old mother, a 19-year-old pregnant sister and a 6-year-old brother were all shot dead. According to the 2016 police report, the mastermind suspect, then 16 years old, went outside to dispose of the water she used to wash dishes. She apparently heard gunshots and run inside when she also got shot – in the thigh. The daughter then alerted neighbours who called the police. The lifeless bodies of the four family members were all found lying in a pool of blood. Questions of how Sebati – then 16-years-old – managed to get her hands on R100,000 as well as the motive of the murders are yet to be answered.

- **NPA spokesperson Lumka Mahanjana said all three were granted bail of R10,000 each and were ordered to report to a police station twice a week until they appear in court again on 30 March.**

Said Mahanjana: “During the bail proceedings, the state put on record that it had evidence of bank statements that proves that indeed an amount of R100,000 was transferred from Sebati’s bank account to one of the Mokone’s to share equally amongst each other. “Fingerprints of Mokone were also found on the car Sebati’s father owned which they allegedly used as a getaway car after the killings,” she added. Prior to the ruling, the state had argued against the trio’s bail – pointing out that the suspects were not only facing a schedule 6 offence but were also a danger unto themselves and society. “The report for Sebata’s psychiatric assessment was also handed over to the court. The assessment revealed she was fit to stand trial,” Mahanjana added.

Tumelo Mokone, Kagiso Mokone and Onthantile Sebati appeared before the Brits Magistrates’ Court again on Wednesday 26 January.

TLB found!

Rustenburg – A tractor-loader-backhoe (TLB) was stolen on Tuesday 25 January from an Engen garage on the R24. Phillex Investments CC owner Marianna Lindsay

was relieved when their TLB was found a day later near a lodge in Bronkhorstspuit. “A big thank you to Silver Plant Hire, Charl Visser at Buffel Sekuriteit and Rustenburg Landelike Diens and Mike Bolhuis who worked tirelessly to find the TLB and arranged for it to be returned,” says Marianna.

This TLB was stolen and later discovered in Bronkhorstspuit.

PROTESTS FLARING UP IN THE MINING AREAS

Rustenburg – In one of the latest protests [Tuesday 25 January] on the Old Mine Road leading to the Sibanye, Anglo American and other mining operations, employees, contractors and suppliers were met by officers of Rustenburg’s Department of Public Safety who blocked the road, due to protests. Over the past two weeks, several protests and blocking off roads in and around Rustenburg’s mining areas were reported. The protests were also for various reasons, including a lack of jobs, infrastructure which became unbearable because it was vandalised over a period... And in some of the protests, infrastructure which were vandalised previously, were vandalised even further. The *Platinum Weekly* spoke to Siphoh Mahlangu, who unlike other commuters, who just turned around, parked his truck on the side of the road, waiting for the protest to dissipate. He told us that he has been waiting for more than four hours, hoping to complete a delivery at Sibanye.

After several hours, police and other security officers eventually managed to disperse the protestors, without anyone being injured or any serious incidents being reported, and they were able to restore access to the Old Mine Road.

Protestors burnt tyres and whatever they could lay their hands on.

Siphoh Mahlangu was unable to complete his delivery to Sibanye because of the protest.

Warning from bank... the Lebanese Loop!

SA – *Platinum Publishers* published an article in our 14 January 2022 issue, 'How I lost R2,300 at the ATM'. A woman fell victim to ATM card fraud on 8 January at a Capitec ATM in Rustenburg. When we contacted the bank for more information, they warned us about another scam... the Lebanese Loop! This is a technique used by criminals to trap a bank card inside the ATM by inserting a thin film of plastic into the ATM card slot. The plastic is rigged in such a way that both the plastic and trapped card can later be removed. The victim transacts at the ATM, and the cash and receipt are provided but the card remains trapped. The victim realises that the card has been retained by the ATM. The criminal is in the close vicinity and has already shouldered to get the victim's PIN. Once the victim leaves the ATM, the criminal goes back to the ATM and removes the trapped card and uses it, along with the PIN to withdraw cash immediately. In its simplest form, it is a strip or sleeve of metal or plastic which blocks the ATM's card slot, causing any inserted card to be apparently retained by the machine, allowing it to be retrieved by the fraudster when the card holder leaves. (information: South African Banking Risk Information Centre (SABRIC))

REMEMBER!

- Never force your card into the slot if you experience initial difficulty, as it might have been tampered with.
- If your card is swallowed by the ATM, do not leave the ATM before you have cancelled your card.

Rustenburg – The Rustenburg Photographic Society held their first meeting for 2022 on Wednesday 19 January. At each month-meeting they select winners; drum-roll... they are:

- Senior Open winner: Bateleur - Gerrie Botha
- Junior Open winner: Ek sien... - Anje Smith

The society meets every third Wednesday of the month. Their next meeting will take place on 16 February.

For more information, contact club chairperson Simon Fletcher on 082 371 9867 or vice chairperson Jacques McCarthy on 078 353 0458.

PET SCAMS!

Rustenburg – Specialised Security Services' Mike Bolhuis recently cautioned against an increase of pet scams on national level. We reached out to a vet at Bergbos Animal Clinic who also warned: "If you want to purchase an animal online, be vigilant! Beware of fake 'reputable breeders' and make sure to bring in the pups for a thorough check-up."

- Scammers' Modus Operandi (according to Bolhuis):**
- Scammers will post an ad, offering a pedigree pet at an unexpectedly discounted price or even for free.
 - Even if they advertise for free – they often ask for only the transport, medical or insurance costs.
 - Breeder and the courier services are often in cahoots.
 - Often the breeder sells different kinds of breeds.
 - Be careful if a breeder asks for E-wallet payments.
 - Check the internet to see if the photo appears elsewhere and check if the details are the same or if it just a stock photo they used.
 - They catch you with price increases after the deposit is paid.
 - Scammers often use social media to target victims.
 - The puppy is delivered at the courier services and payments are made for the crate, airline ticket, feeding and care, accommodation and insurance.

Eventually, the puppy may "die" or be "locked up by customs".

- Perpetrators will even go as far as providing you with a fake address and fake invoices.

- Useful tips:**
- Research the seller extensively. If you must purchase a dog online, search the seller's name and contact information with the words "scam" and "complaint" in the search.
 - Since scammers are always one step ahead and change their names and the names of their websites, be aware that there may also be no negative results or complaints. Many current lists are available on the internet, highlighting new sites used by scammers.
 - Ask the seller for any references and follow up on the references.
 - Contact your local breeding society for references regarding trusted breeders.
 - Meet and collect the animal personally.

‘We have hungry mouths to feed’

Rustenburg – In an interview with *Platinum Weekly*, Juanita Pasino Louw described 2021 as "tough, but we stood strong," she said. "Each donation is a blessing, and we thank everyone for their support." However, they are in great need of food and have plenty of hungry mouths to feed. "We found a supplier in Krugersdorp, selling decent food products like fish and bully beef at very affordable rates," said Juanita. "But we need funds to purchase it." They regularly host auctions and initiatives to raise funds and would like to hand out parcels that gives something more solid than the usual Soya mince. Staam Saam Rustenburg helps to make Rustenburg a safer place, by means of patrols done in neighbourhoods and by aiding families in the form of food and clothing.

For more information contact Juanita on 083 444 6391 or Cathy on 065 534 7996. You can also visit the Staam Saam Huis at 80 Bethlehem Drive, Rustenburg.

Lebogang... mother, miner, model

Rustenburg – Lebogang Nakana is the only woman on her team in a predominantly male dominated field. A senior instrument technician by day at one of the mines in Rustenburg, and in her personal life she is a wife and mother to five-year-old Naledi Nakana.

To top it all off, Lebogang is passionate about modelling – specifically to use this platform for community service. From a young age, Lebo has never let the glass ceiling define her.

Lebo participated in pageants when she was younger and absolutely loved it. As she excelled in her career, got married and became a mom, finding the time to participate seemed impossible. But thanks to her go-getter attitude and drive to never back down from a challenge Lebo entered the pageant world once again in 2021.

She was announced as a finalist during a prestigious event in Roodepoort on 19 June 2021. “I have always been someone that follows my dreams and participating in pageants made me happy. I wasn’t sure where I would find the time but visualised my goal and decided to go for it,” Lebo said. Later that year, Lebogang made it to the top-20 semi-finalist round of the Mrs. Universe Africa pageant.

Growing up in an environment where both her parents were actively involved in the community, she has also made this a goal that is close to her heart.

As part of her several community projects, Lebo collected sanitary towels for the girls of Tirelong Secondary School, Kroondal in late 2021. The target was set at 100 packs – but within five days she managed to collect more than 1,000.

Lebo said: “I want to become a role model for girls by inspiring them to dream big, visualise their goals and then follow through. It is also a value that I would like to instil in my own daughter.”

This year she plans to focus her attention on primary school learners. She will run projects to raise funds for school uniforms, shoes and school bags.

Being more than just a pretty face, Lebo fills the little spare time she has by translating *Rhapsody of Realities* by pastor Chris Oyakhilome, a daily devotional from English to Setswana. “An enriched mind is an enriched life and giving people the opportunity to read daily devotionals in their own language is a way of encouraging this.”

On top of all this, Lebo has also launched her own skin care line named Lebo N, which focuses on natural skincare products. She added: “As a child I had a lot of skin problems, so I started doing research and now I like to share my knowledge with others. I understand how feeling insecure about your skin can impact your life and it is just another way I try to contribute to empowering people.”

To find out more about the Lebo N skincare range contact Lebo on 072 569 1096.

Welkom by VLU!

Rustenburg – Die Vroue Landbou Unie (VLU) Kashané aand-tak het op Dinsdagaand 11 Januarie byeengekom om die nuwe bestuur van 2022 aan te wys, met Ann Heyneke as gasvrou. Baie welkom ook aan die nuwe lede van die tak: Anja Nieuwoudt, Mariaan Niemand en Sonja Fourie. Om die besigheid-geselsies op te kikker, het Martie Willemse ‘n kreatiewe demonstrasie gelever om blomme te rangskik in sirkels, deur van houtringe of ander natuurlike produkte gebruik te maak. Die VLU Kashané aand-tak nooi almal hartlik uit wat wil aansluit by die groep om die voorsitter van die tak, Charmain Olivier, te kontak op 083 469 5505.

Hospice Rustenburg needs volunteers

Rustenburg – Volunteers, rendering their time free of charge, are needed to assist with various tasks at the Hospice Rustenburg office located at 4 Boshoff Street. Hospice Rustenburg is a non-profit organisation founded in 1997 and provides home-based palliative care to people with life-limiting and life-threatening illnesses in the greater Rustenburg community.

Please contact
Reinette van Aswegen during office hours on 072 130 7477 or hospiceshop2@gmail.com for more information.

Recognised for excellence

Rustenburg – S@CH Consultants, specialising in company secretarial services, bookkeeping and accounting, as well as taxation services and payroll, was recently acknowledged for their excellent service delivery. The company got third position at the SAGE awards for the 2021 financial year held virtually on 26 October, as an emerging accounting company. “This means amongst the new accountants that took over or started using the Sage platform from 1 October 2020 and 30 September 2021, we were placed number three in terms of the clients we brought on boards for Sage,” S@CH Consultants founder Saul Chitate said. “We feel honoured to be recognised for the work we do. Such an honour encourages us to continue working hard and securing more clients,” he added.

Wat is my regte wanneer ek in 'n motorongeluk beseer is?

Min dinge in die lewe is so traumaties soos om te beseer te word tydens 'n ongeluk. Het jy geweet ... Indien jy of 'n geliefde beseer is in 'n motorongeluk (behalwe wanneer die bestuurder die oorsaak van die ongeluk was), of indien jy 'n afhanklike is van 'n oorlede padongeluk-slagoffer, kan jy moontlik 'n eis teen die Padongelukkefonds indien. Die Padongelukkefonds is 'n openbare entiteit wat befonds word deur 'n brandstofheffing wat by die prys van petrol en diesel ingesluit is. Die doel van die Padongelukkefonds is om te vergoed vir verlies of skade as gevolg van ligamlike beserings weens die nalatige bestuur van 'n voertuig op Suid-Afrikaanse paaie.

Ná hoe lank moet ek 'n eis indien?

Indien die identiteit van die oortrede bestuurder of eienaar van die voertuig bekend is, moet die eis binne drie jaar vanaf die datum van die ongeluk ingedien word. Dit is nie van toepassing by die eis van 'n minderjarige nie. Indien die identiteit van die persoon onbekend is, moet die eis binne twee jaar ingedien word.

Waarvoor kan ek eis?

- 'n Eis kan uit die volgende bestaan:
- Gelede en toekomstige hospital-en mediese uitgawes
 - Gelede en toekomstige verlies van inkomste
 - Algemene skadevergoeding vir pyn, lyding en verlies van lewensgenieting.
 - Gelede en toekomstige verlies van onderhoud in die geval van die afhanklike van 'n oorlede slagoffer
 - Begrafnisuitgawes

Indien jy meer inligting verlang oor jou regte as 'n padongelukslagoffer, skakel Yvonne Kruger Ing. by 011-468 5088 of besoek ons webwerf: www.yki.co.za of epos: ykruger@yki.co.za

[Letter to the editor]

Did you hear?

I saw it posted on social media yesterday (25 Jan)... They are discontinuing Redro Fish Paste (and Pecks Anchovette)! I want to throw a tantrum like a 2-year-old! What can I say, I like what I like. There are not many childhood "things" that you grow up

with that you still like as an adult. But Redro fish paste was one of those things. In fact, until a few days ago, it was the only spread I ate on my sandwiches.

I am not angry – they must have had a good reason and I wish the discontinuers all the best. But just wanted to share my goodbye to the BEST SPREAD EVER.
Sympathies to my fellow “vissmeer” lovers :(

WHAT'S Cooking?

La-Famiglia Restaurant chef Hannes Janeke frying steak.

Frying that perfect steak!

Rustenburg – La-Famiglia Restaurant chef Hannes Janeke has his hands full, frying pan in the one and running the restaurant with the other...

"It's my happy place and I can't imagine a better life," he says. Hannes is well-known for his deliciously prepared steak. Thank you, Hannes, for sharing your recipe with us. (PS – he says the secret ingredient is butter!)

Ingredients:

- Steak
- Butter
- Six-gun spice
- Whiskey of your choice
- Olive oil

Instructions:

1. Heat a heavy pan over medium-high heat until it's VERY hot.
2. Cover the steak in butter and sear in the pan for a minute.
3. Remove from stovetop.
4. Season with six-gun spice or any spice of your choice.
5. Place the steak back on the stove top and sear in olive oil until it is cooked the way you like it.
6. Once it's done, drizzle in whiskey and serve.

Tips:

For a 2cm thick sirloin steak, on a HOT pan, these cooking durations are:

- Rare: one minute, 30 seconds per side
- Medium-rare: two minutes per side
- Medium: two minutes, 20 seconds per side
- Well-done steak: Four to five minutes each side

Check the colour: you can check the steak by making a small incision in the side

- Rare: Dark red in colour with some red juice flowing. It will feel soft and spongy with slight resistance.
- Medium-rare: Pink in colour with some juice. It will be a bit soft and spongy, and slightly springy.
- Medium: Pale pink in the middle with hardly any juice. It will feel firm and springy.
- Well-done: Only a trace of pink colour but not dry. It will feel spongy and soft and slightly springy.

Have your say / Sê jou sê

Power outages and water interruptions are a big inconvenience. Some people would like to know why and when it would be restored, and for others, reading through all the messages is just a waste of time.

Are you on a WhatsApp group to raise complaints about water and electricity challenges, and to monitor what is going on in your residential area?

Yes, it is of utmost importance in today's times to know what is really going on in our areas. The groups are created to make residents' life easier to get their grievances sorted out as quick as possible – without even phoning. A water leak or electrical problem can be reported and sorted quickly if the councillor's response is as quick. Let's all work hard together to improve our areas.
Faried Saloojee

No. I do not want to join too many groups because you end up using a lot of data and this can be expensive. We live in a complex where there are flats. I am on a WhatsApp group made up of other members who live in our complex. We regularly give each other useful information about water and electricity.
Johanna du Plooy

No, but I intend to join such a group because I think it would be a good platform for us to raise service delivery issues that are affecting us as a community in Waterfall East. We must make an effort to bring about the positive changes that we need.
Daniel Ngomane

PROVERBS 22 VERSE 1 - 13

¹A good name is to be chosen rather than great riches, Loving favor rather than silver and gold. ²The rich and the poor have this in common, The LORD is the maker of them all. ³A prudent man foresees evil and hides himself, But the simple pass on and are punished. ⁴By humility and the fear of the LORD Are riches and honor and life. ⁵Thorns and snares are in the way of the perverse; He who guards his soul will be far from them. ⁶Train up a child in the way he should go, And when he is old he will not depart from it. ⁷The rich rules over the poor, And the borrower is servant to the lender. ⁸He who sows iniquity will reap sorrow, And the rod of his anger will fail. ⁹He who has a generous eye will be blessed, For he gives of his bread to the poor. ¹⁰Cast out the scoffer, and contention will leave; Yes, strife and reproach will cease. ¹¹He who loves purity of heart And has grace on his lips, The king will be his friend. ¹²The eyes of the LORD preserve knowledge, But He overthrows the words of the faithless. ¹³The lazy man says, "There is a lion outside!"

POLL

If you were invited to go to Mars, would you go?

With so many billionaires taking trips to space, the sky is no longer the limit. If you had the opportunity to travel to a distant planet, would you take it... or do you prefer to keep your feet on the ground. Planet Earth's ground so to speak.

Make yourself heard by sending an email to news@platinumweekly.co.za or a WhatsApp to 081 579 7000 with the following information before 17:00 on Tuesday 1 February 2022:

- Yes, if I get invited, I will go to Mars or,
- No, if I get invited, I won't go to Mars.
- The reason for your answer.
- A recent photo of yourself (optional) – that we can publish with your answer.
- Your contact details.

If you don't want your answers to be in the newspaper, just reply to the question: YES/ NO.

The results of the votes will be published in our next issue.

PS – You can also give your opinion by commenting on our Facebook post.

Bye-Boeredag in Harties

Hartebeespoort – Die Bye-Unie SA vereniging het op Saterdag 22 Januarie hul Bye-Boeredag aangebied wat deel uitmaak van Projek Heuningwyser.

Projek Heuningwyser lê klem op inkomste uit byeboerdery wat heuning, byewas en propolis insluit. Professor Eric Holm, voormalige hoof van die Departement Entomologie vir 20 jaar aan die Universiteit van Pretoria, was die hoofspreeker van die dag.

“Byeboerdery staan op die fondament van gedrag en intelligensie van bye. Jy móet gedrag en intelligensie van bye verstaan as jy voortreflik wil begin boer,” aldus Holm.

Holm het onderwerpe bespreek soos waarvan bye hou en nie hou nie, hoe hulle rigting bepaal en aanwys, asook meer van hoe ‘n bye kolonie werk.

Uitstallers het onder meer ingesluit: byetoerusting, heuning en heuningkoek, tuisgemaakte heuningprodukte vir beginners, en kommersiële produkte in die handel wat een of meer bestanddeel in het van heuning, byewas of propolis.

Professor Eric Holm

Nou dís mos hoe ‘n byekorf moet lyk!

Hou bene, hou!

Rustenburg – Laerskool Silwerrand Primary het op Vrydag 20 Januarie hulle interhuis gehou. Dit was ‘n reuse sukses en elke leerder het die geleentheid gehad om hulle talente uit te beeld.

Die skool is trots op elke Randjie leerder!

AT&T, Verizon pause 5G rollout near U.S airports to avoid flight disruptions

For the love of the game!

Most South African football followers will probably be glued to their television sets and radios this weekend as action at the African Cup of Nations tournament in Cameroon heats up. The four Diski Challenge football fixtures on Sunday 30 January will deliver sparks and fireworks!

- Orlando Pirates Reserves v AmaZulu Reserves**
Pirates have a chance to extend their lead on top of the log standings to 30 points and a win against AmaZulu will see them achieve just that. Pirates will be looking for a victory that will see them maintaining their lead. But will the advantage of playing at the King Zwelithini Stadium in Umlazi (AmaZulu's home ground) burst the Pirates bubble? Mmmm... Kick-off is at 12:00.
- Chippa United Reserves v TS Galaxy Reserves**
Chippa are third on the log and a victory against TS Galaxy could see them leapfrog Stellenbosch to second position. This is another potentially explosive battle that the Eastern Cape-based Chippa are tipped to win. But guess what? Yes – TS Galaxy will be playing at home too! Do you think playing at home can be considered an advantage when supporters are not yet allowed to cheer their team at the stadiums (Covid-19 regulations)? Kick-off at Tsakane Stadium in Brakpan is at 10:00.
- Other fixtures this Sunday:**
Swallows Reserves will be up against Maritzburg United Reserves at Dobsonville Stadium at 10:00 while Stellenbosch Reserves play against Royal AM Reserves at Idas Valley Sports Ground. Kickoff is at 12:00.

Rustenburg Athletico scouting for new talent

Rustenburg – The Rustenburg Athletico Football Club invites young soccer players to their weekly training sessions. For the past three weeks already, the club has been hosting training sessions at Impala Rugby Club from Mondays to Fridays from 15:30 to 17:30. In an interview with *Platinum Weekly*, coach Clifford Ngobane said although a significant number of new players have been reporting for training, the door is still open for others. The club is scouting for players in the u/13, u/15 and u/17 boys age groups. “At the moment we are focusing on making sure that the players are fit. Most of the teams that we will be playing against are also training and it is important that we have field players that are able to compete against them when the league matches begin in March,” Ngobane said. He added: “It will be a tough season because teams such as Future Boys and Olympia Stars are very strong, so we must make sure we are ready.”

Rustenburg Athletico coach Clifford Ngomane

Impala Rugby Club bracing for tough season

Rustenburg – Impala Rugby Club coach Joel Sherman believes a successful 2022 season is possible with the backing of supporters to cheer on their players during matchdays. The club, which will be participating in the Carlton League this year, is hoping for a repeat of their 2019 season when they went all the way to win the prestigious Gold Cup. In an interview with *Platinum Weekly*, Sherman urged rugby supporters to seriously rally behind the club's three teams. “We are a community team, and we depend on the support of the community.” Besides taking part in the Carlton League and Gold Cup, the club will also compete in the President's Cup this season. On 12 February, Impala Rugby Club will play warmup matches against Centurion in Pretoria as they step up preparations for the new season.

United Rugby Championship

Lions vs Sharks
Die 84 punte wat elf drieë insluit was seker die moeite werd vir die 2,000 toeskouers in *Jo'burg* op Ellispark, ou grote. Die baie drieë soos deur iemand tong in die kies laat val het, is dalk 'n bron van kommer vir beide spanne se verdedigingslinie. Die Haaie klop die moedige Leeus 47-37. Met rustyd was die Haaie voor met 27-18 maar die Leeus was duidelik nie uit die *game* nie. Onnodige foute en swak keuses was die Leeus se ondergang. Vir die Haaie het die Springbok vleuel Makazole Mapimpi 'n skittervertoning gelewer en druk drie puik drieë. Hy het ook 'n groot aandeel Likhanyo Am se drie. Mapimpi is ook welverdiend as speler van die wedstryd aangewys. Die Leeus se volgende *game* is op Saterdag 29 Januarie teen die Bulle in *Jo'burg*. Die Haaie gaan in Durban teen die Stormers uitdraf.

Bulls vs Stormers
In 'n riller op Fort Loftus voor 2,000 toeskouers klop die WP die Bulle 30-26 ou grote. Dit was die Bulle se eerste nederlaag in 'n baie lang tyd, amper soos voor Covid-19 toe daar vir baie *games* rekord skares van 2,500 mense was... Die Kapenaars het verwoed ingeklim van die afskop af en was met rustyd 18-7 voor. Bra Jake het toe vinnig na halftyd sy grofgeskut opgestuur en dit het

'n groot verskil vir die Bulle teweeggebring. Morné Steyn was meesterlik en veral met die strafskop toe hy vir Embrose Papier met 'n skop aangee gesorg het vir 'n puik drie. Vir die Stormers het Seabelo Senatla seker sy beste *game* ooit gespeel en druk twee skitterdrieë en het ook aandeel in die wendrie van die plaasvervanger *skrummie*, Paul de Wet. Manie Libbok het op losskakel 'n goeie *game* gehad. Warrick Gelant het ook met sy verskyning in die tweede helfte van die bank puik spel opgelewer. Met die tegniese probleme in die tweede helfte kon daar nie na die derde skeidsregter verwys word nie, maar Jaco Peyper het twee moeilike situasies puik beheer met sy beslissings. Die Bulle speel op 29 Januarie teen die Leeus in *Jo'burg*. Die Stormers moet Durban toe reis om teen die Sharks uit te draf.

URC bepalings:
Vrydag 29 Januarie
21:35 - Ulster vs Scarlets
21:35 - Dragons vs Benetton
Saterdag 29 Januarie
15:00 - Lions vs Bulls
16:35 - Connacht vs Glasgow Warriors
17:05 - Sharks vs Stormers
19:00 - Zebre vs Munster
19:05 - Edinburgh vs Ospreys
21:35 - Cardiff Leinster

En so terloops, baie geluk vir Mark Boucher se Proteas wat die Indiërs bloedneus geslaan het om die eendag reeks met 3-0 te wen! Maats, wees geduldig tuis met vroulied en skoonmoeder, maar moenie lui word nie! Braai uit volle bors en glas!
Nag ou grote...

HSBC Sewes Reeks Malaga

Die Blitsbokke se stertjies waai sonder ophou in Malaga, Spanje. In die derde toernooi van die kompetisie klop die Blitse vir Argentinië in 'n riller. Met die klok op 1:18 in die rooi en die telling met 17 punte elk, klop Selwyn Davids met 'n verbysterende vaartversnelling en aftrap 'n paar Pumas om die wendrie en die titel vir die Blitse

in te palm. Die Blitse wen dan 24-17. 'n Paar van die Puma spelers het in trane uitgebars na die eindfluitjie geblaas het. Dit is die eerste keer in 'n dekade dat hulle die finaal van 'n toernooi gehaal het. Hierdie oorwinning is die Blitse se derde in 'n ry in die reeks.
Well done Blitse!

DID YOU KNOW?
Fat-soluble vitamins like vitamin A, E and D require some fat to be present in order to optimise their absorption in our digestive systems. So, if you prefer to take your vitamins after breakfast, but your breakfast does not contain a lot of fats or oils, consider taking these with a meal that does instead.

CONNECTING YOU TO A VIRTUAL DOCTOR

Dis-Chem CLINIC C+CONNECT
Powered by healthforce

Consultation with Nurse
90.00

Virtual Doctor Consultation
256.50

How does it work?

A **nurse** will conduct a full medical history and clinical examination.

If the nurse finds it necessary, a **video consultation** with the **doctor** - including additional tests and examinations if necessary - will be performed.

While the nurse finishes your consultation, the doctor can write you a **script, repeat script and/or sick note**.

Finally go to the **dispensary** to receive your medication from the pharmacist.

To find out more about Clinic Connect, visit the Dis-Chem website on www.dischem.co.za, scan the QR code, ask any of our friendly store assistants or contact our Clinic Careline at 0861 117 427. Terms and conditions apply.

DID YOU KNOW?

The timing of when you take your supplements can greatly affect the way your body absorbs and utilises the vitamins and minerals. For example, taking your supplements with coffee or tea is not ideal, as the caffeine and tannins can interfere with the absorption of many vitamins and minerals, especially iron.

DID YOU KNOW?

As we get older, our nutritional needs can change. For example, women going through menopause may need to increase their daily calcium intake, as menopause causes a loss in estrogen, a hormone that assists with the absorption of calcium.

NORTH WEST

Produced by **SANRAL**

The North West has set out to achieve balanced growth in line with the objectives of the National Development Plan. Good quality roads which connect the citizens of the province to opportunities are essential for its economic development.

Message from the Acting CEO

Over the past few years the South African Roads Agency SOC Limited (SANRAL) has made a deliberate effort to contribute to the country in ways that are beyond building roads. Roads are important for economic development, but they cannot exist or be built in isolation. They must take into consideration the living conditions of the communities they pass through. They must play a role in uplifting those communities.

For more than 18 months, South Africans have been gripped by a pandemic of enormous proportions. The COVID-19 virus, in all its mutations, has not only taken lives at will, but has also taken away the livelihoods of many. The pandemic has not helped the situation in South Africa, where we were already suffering from a severe economic crisis.

It is against this background that the President announced his Economic Reconstruction and Recovery Plan last year and, in his State of the Nation Address this year, he announced the Infrastructure Investment Plan. This Plan identifies roads projects worth R19 billion covering the spine of the South African road network, most of which fall under SANRAL. The President said that these

infrastructure projects will lead to the revival of the construction industry and much-needed jobs.

National roads pass through provinces, and the North West is already benefitting from the new investment in roads and roads infrastructure. Communities in the North West are also benefitting.

In this edition of *Hello North West* we look at several routine road maintenance (RRM) projects worth millions of rands, which are vital for ensuring that our roads are well-maintained. They also provide a lifeline to many poor communities.

These projects include the R24 from Rustenburg to the Gauteng Province border, R52 from Koster to N4 Rustenburg, and R30 from the JB Marks Municipal border to Olifantsnek, and the two RRM projects which cover 155.70km on the N14 section 9, N18 sections 4 and 5 and R31 section 1, and 163.50km on the N14 section 8, and N18 sections 2 and 3.

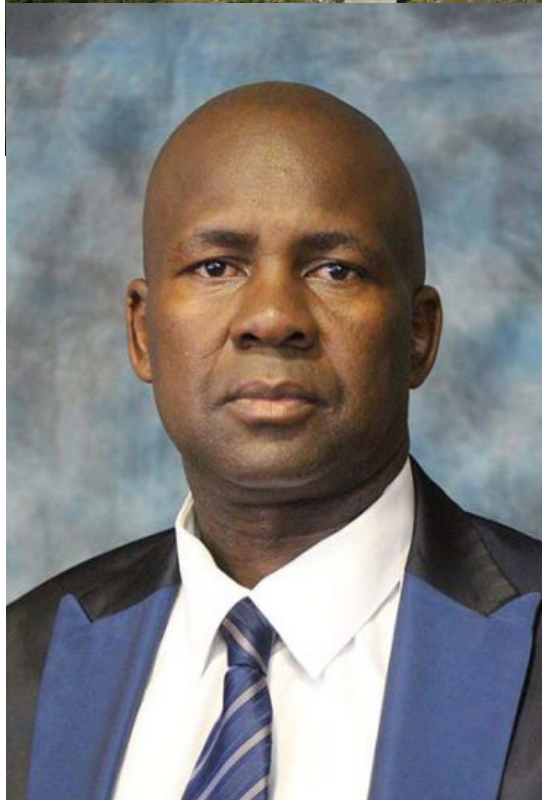

We realise the pressure that is on the provincial government to provide jobs in a struggling national economy. In this way, SANRAL provides a lifeline to the province through SMME contracting and job creation.

LEHLOHONOLO PITSE

Acting Chief Executive Officer
SANRAL

Message from the MEC

SELLO LEHARI

Member of the Executive Council
North West Department of Community Safety and
Transport Management

A Promoting community and road safety through community mobilization, positively influencing road user behaviour through safety awareness and traffic law enforcement is part of our mission. This of course means once our people once are complying with road rules, will ultimately appreciate the quality road network that SANRAL is continuously bundling and maintaining.

As we exit the third wave of the COVID-19 pandemic and prepare for the inevitable fourth, we look forward to a time, hopefully soon, when large numbers of our population would have been vaccinated, making it possible for Provinces like the North West to once again become a popular tourist destination in the country.

Mining, tourism commerce and agriculture continue to be among the priorities as we rebuild our economy. Efficient transport plays an important role in ensuring that we deliver on our economic promises as we strive to improve not only the quality of life but livelihood of the citizens.

The vision of the provincial Department of Community Safety and Transport Management is "safe communities

and effective transport services". Our mission is that "we are committed to promote community and road safety, exercise civilian oversight of police and coordinate transport services through an integrated approach".

We try very hard, with limited resources but enduring commitment from our staff, to promote road safety and to ensure that our public transport services are as efficient as possible.

We thank SANRAL for the sterling work as they continue to plan, construct and maintain the primary network in our province. We also have to thank them for the role they are playing, as our partners, in contributing to the growth, economic transformation and the upliftment of the poorest of our communities.

We are looking forward with great interest at the improvements on, among others, the R52 which, once completed, will have a great impact on job creation, small business development and community development in the province.

Like SANRAL, we also believe that local communities should benefit from major projects that come to or pass through their areas. This is the only way to ensure sustainable economic development in these areas.

Pampoennek Road is complete

The N4 link (Pampoennek) project in Madibeng Local Municipality, North West has successfully been completed, signalling free-flowing traffic for motorists as well as economic growth for the province.

The road is an important transport artery for the country and provides a link to the Magaliesburg mountain range for those travelling from Tshwane and Johannesburg to the North West province, directly connecting to the N4 Bakwena highway which forms part of the trans-Kalahari corridor.

“An efficient, integrated and well-maintained road network plays a critical role in unlocking economic growth and development, in connecting people and in promoting spatial integration. Roads are an integral part of South Africa’s transport system, an important infrastructure enabling economic activity and access to social amenities, among others,” said Transport Minister Fikile Mbalula at the launch of the Pampoennek Road in September 2020.

This 30-month project, which started in April 2017, not only contributed to creating employment, but will facilitate ongoing tourism and investment in Madibeng Local Municipality.

Expansion of South Africa’s road network plays a vital role in increasing capacity. The mobility provided by the Pampoennek Road and other national roads across the country encourages economic activity and growth.

The Pampoennek project also proves that it is possible to transform the construction industry and to have effective community participation in SANRAL projects.

Work on R511 employs 39 local SMMEs

Road rehabilitation projects are critical to the strengthening and improvement of existing roads. They play a crucial role in conservation of the road system, and also provide job opportunities and skills development for small, medium and micro enterprises (SMMEs).

The partial reconstruction of National Road R511 section 3 is one such project. It commenced in January 2019, and its anticipated completion date was adjusted from September 2020 to September 2021 for reasons that include the impact of the coronavirus pandemic.

As required by the SANRAL contract, NZK Footprint Engineering CC, the appointed contractor, ensured that 20% (R29,755,175.42) of the contract value was allocated to local subcontractors. NZK was able to achieve and exceed this target by appointing and spending on 39 local subcontractors.

One of the local SMMEs involved in this project was Omphile Botlhale Enterprises Pty Ltd, founded in 2014 by Piet Mnisi due to his passion for construction. His company had a total of six staff that were part of the project.

Mnisi said “My proudest moment included overcoming the challenges I was faced with and ensuring that the quality of work the team delivered remained up to standard. I am also proud of making a contribution towards job creation and the growth that I experienced as a leader.”

He encourages SMMEs looking to be involved in SANRAL projects to remain resilient, as the industry brings

challenges. He also emphasises that it is important not to be afraid to fail, as this is a critical step in learning.

Another SMME involved on the project is the RAK Group, a 100% black-owned and proudly South African company founded in 2017. The RAK Group’s aim was to take advantage of opportunities made available to young, ambitious, and capable individuals within the road construction industry. A total of 11 staff members were involved on partial reconstruction of the R511 section 3.

Joint owner of RAK Group Amogelang Molapo says that one of the main challenges they came across as a local SMME subcontracted to work on the R511 was the impact of managing the late delivery of concrete. “This has a significant effect on us as a relatively new SMME on a project of this nature; it meant a potential delay in the work being carried out. Another critical challenge was managing our staff on the ground. We also sometimes did not receive our main supplies on time.

“The impact of the hard lockdown posed a serious threat for us as a local SMME, as the site was closed to curb the spread of coronavirus. The jobs of our staff were at risk because there was no work.”

She reports that a key highlight of working on this project was having the opportunity to master their craft on the scope of work provided to them. Molapo’s advice to other SMMEs wanting to follow in their footsteps is as follows: “Be eager to learn, have discipline and be passionate about what you do. Deliver your utmost best, ensuring that your client is satisfied with the work you have carried out.”

Planning road maintenance

While Routine Road Maintenance (RRM) is an activity that has a strong drive and focuses on employing local SMMEs to do the work, the planning for a maintenance project is just as important.

Before an appointed contractor goes out to tender on RRM activities, there is a great deal of planning by consulting engineers appointed by SANRAL. Their key mandate is to conduct audits and studies of the road to determine what maintenance works need to be done.

Anzatshilidzi Ramovha is studying Civil Engineering at Vaal University of Technology, and is a SANRAL student engineer working on project NRA-X002-123-2019/1. Ramovha's key responsibility is to monitor the progress of the project while acquiring new learning opportunities and skillsets.

He says "Theory is the basis of any activity within road construction. However, this is not enough. One still needs to gain practical experience – hence training on the construction site is very important. During SANRAL's training programme I have the opportunity to develop my practical skills in many ways."

Road construction takes teamwork, which Ramovha has been a part of. "It needs communication between the team members. The contractor and consultant teams communicate with each other in order to run their activities effectively. The project will not attain the required standard if there is no communication within the team, and the project will not be completed within the specified time."

He adds that being a team player is essential: "Almost all activities in road maintenance need teamwork. For example, when we consider the construction of pavement layers (patching), it needs the cooperation of the machine operator, foreman, grade checkers, labour, and work inspector."

Tshepiso Matsime is an engineering graduate with a BTech Civil Engineering degree and is Assistant Route Manager on the project.

She says her core responsibilities on the project are both technical and administrative. "The technical aspects of the project involve inspecting the road network, the planning of urgent maintenance works, budgeting, providing oversight of on-site work and inspecting of completed works for quality control. My administrative duties include keeping SANRAL's Site Management System up to date."

Matsime says one of her key highlights on the project is the biannual bridge inspection she recently carried out. "Bridges are spectacular engineering marvels in my opinion, and these structural inspections have afforded me not only the opportunity to see the visual beauty of these structures, but also to realise the importance of ensuring that they remain structurally safe for the motorist."

She acknowledges that her growth and development on the project are the result of teamwork and communication. "The success of every project depends on the ability of the team to work as one, and communication is a key aspect of that."

SANRAL Projects to boost NW SMMEs

The South African National Roads Agency (SANRAL) is playing its role in ensuring that small, medium, and micro-sized enterprises (SMMEs), community members and civil society have access to opportunities that could potentially change their lives.

The Agency's estimated value of construction projects within the Bojanala District and in the Kgetlengrivier Local Municipality is R740,000,000.

"The tender process started in March 2021. Actual construction will begin in September 2021 and continue for 42 months until March 2025," said SANRAL's Northern Region Project Manager for construction Sam Mboshane.

The nature of the work to be carried out under this contract includes:

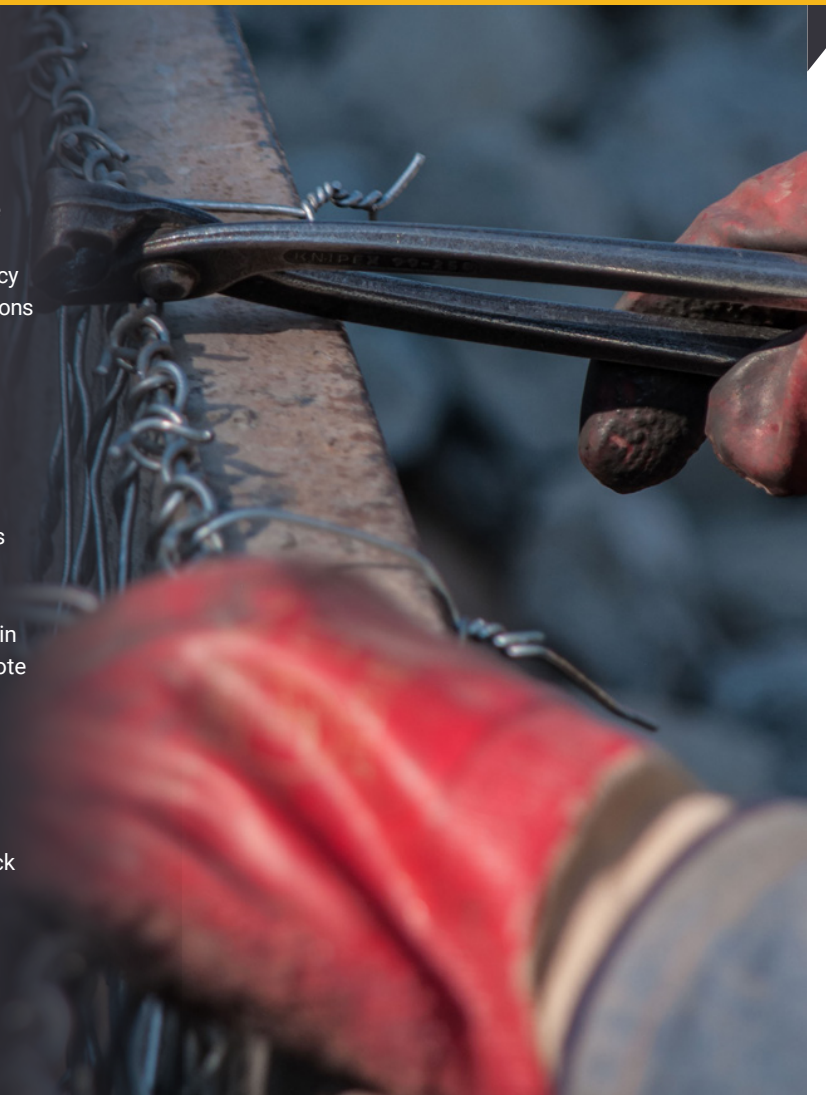

- Cleaning of all drainage structures.
- Regular removal of grass and debris from grids.
- Clearing bridge drainage ports and scuppers.
- Pavement layers repairs.
- Repairing damaged road signs.

When SANRAL visited the area at a 'Taking SANRAL to the People' stakeholder engagement event in October 2020 it shared details of Routine Road Maintenance (RRM) projects with SMMEs, community members and civil society. The agency provided a comprehensive overview of its operations as well as current and upcoming projects.

SANRAL Northern Region's project manager for RRM Gertrude Soko provided information on projects on the R24 from Rustenburg to the Gauteng province border, R52 from Koster to N4 Rustenburg, and the R30 from the JB Marks municipal border to Olifantsnek.

"RRM projects within the Bojanala District and in the Kgetlengrivier Local Municipality will promote growth, mobilise investment, create jobs and empower citizens with skills," said Soko.

SANRAL aims to maximise the number of jobs created on projects across its road network, especially for targeted groups that include black women and youth to help address the high unemployment rate in South Africa.

Road Projects bring hope

Two Routine Road Maintenance (RRM) projects to the value of R116 million will see small, medium, and micro-sized enterprises (SMMEs) accessing economic development opportunities and create much-needed jobs for the people of Naledi Local Municipality in the North West, over the next three years.

SANRAL announced that the contracts allow for 50% – that is, R58 million – to benefit SMMEs.

The two RRM projects cover 155.70km on the N14 section 9, N18 sections 4 and 5 and R31 section 1, and 163.50km on the N14 section 8, N18 section 2, and N18 section 3. The main contractor, Razzmatazz, was appointed in November 2020. The scope of work includes general road maintenance of the road reserve, grass cutting, stormwater drainage, fencing, road signs, and pothole or road surface repairs.

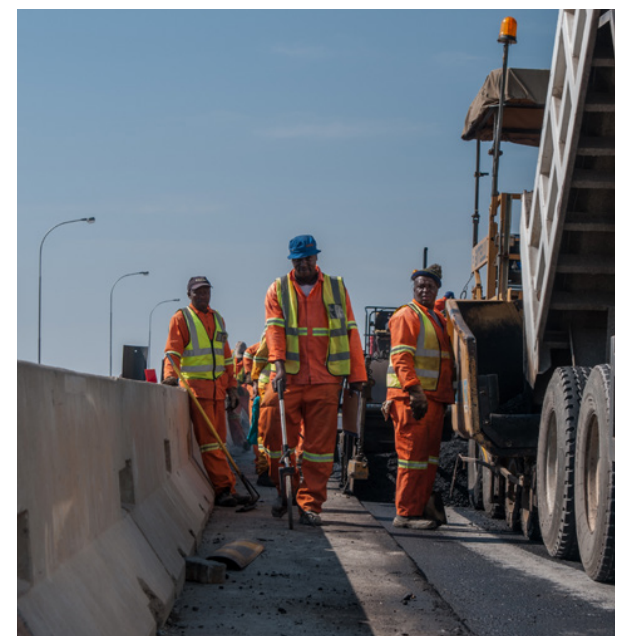

"We understand that the tendering process can be challenging, particularly for start-ups, and as such all contracts have a training component that is geared to mentor, train, develop and capacitate subcontractors," said SANRAL Project Manager in the Northern Region Luyanda Mashaba.

SANRAL engaged with the community and SMMEs in Vryburg during its flagship 'Taking SANRAL to the People' programme in 2020.

During the engagement Acting Mayor for Naledi Local Municipality, Councillor Lukas Ekkelton, expressed his gratitude to SANRAL for sharing information with all relevant stakeholders. He was particularly pleased about the positive impact that the projects would have on small businesses and local labour in the region.

SANRAL remains committed to SMME development and community engagement in the quest to transform the industry, and its overall strategy is aligned with the government's National Development Plan.

"Apart from SANRAL sharing vital project information with the audience, this engagement session was an opportunity for robust and frank discussions, which afforded our stakeholders a platform to voice their concerns and seek clarity on terms of project participation. We are satisfied that we have addressed these and remain open to ongoing engagement in a bid to facilitate genuine transformation that will allow SMMEs to grow and prosper," said SANRAL Stakeholder Coordinator for the Northern Region Jullecsia Saul.

Role of the Project Liaison Committee and Project Liaison Officer

It is crucial to form a Project Liaison Committee (PLC) and appoint a Project Liaison Officer (PLO) on SANRAL projects, since both assist with the smooth running of projects across all provinces – especially as they impact on local communities.

The PLC consists of local members representing the project’s stakeholders and the communities affected by the project, as well as SMMEs. It includes individuals from the following sectors:

- Traditional leaders
- Provincial authority
- District authorities
- Local authorities
- Registered community-based organisations such as road transport forums, women’s organisations, as well as organisations representing persons with disabilities
- Safety councils, etc.
- Department of Labour centres.

In addition to the above, there is also representation from SANRAL, which would include the project manager, PLO, engineer and route manager.

The PLC is the official channel through which communication with project stakeholders and affected communities is carried out. This is also how project stakeholders and affected communities

communicate with the project team on the impact that the project has on them, or is anticipated to have on them, or on any other project matter.

The PLO is the person who acts as the liaison officer for the project. The PLO facilitates the selection of targeted labour to be employed by the contractor and attends to the day-to-day project, stakeholder and community matters that impact on the parties to the PLC.

Some of the key duties expected of a PLO include securing labourers for the appointed contractor and subcontractors on a project, in collaboration with the local municipality and the Department of Labour. The PLO is also vital in identifying relevant training opportunities for targeted labourers and provides language translation services during engagements with the community.

Lastly, the PLO is also expected to conduct the relevant stakeholder intelligence gathering within the concerned communities and to ensure that the project management team is fully aware of these.

By establishing a PLC and appointing a PLO, SANRAL can work collaboratively with key communities that lie along their road network within the North West. This ensures that all processes are fair, transparent and benefit the community.

Road Safety

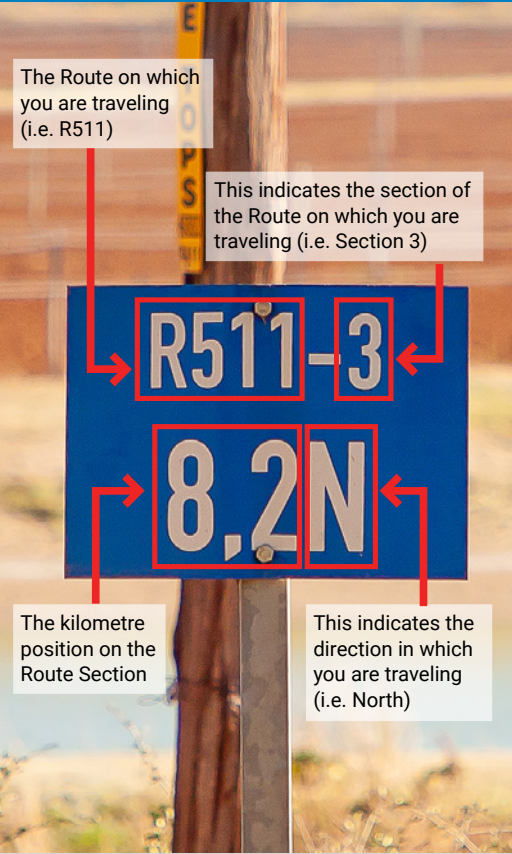

Test your knowledge

Do you know what route marker boards are and their importance?

Have you asked yourself: What do the blue signage plates next to the national roads, like the N1, N2 and N6, mean?

The route marker boards are significant to road users. The road user would pinpoint the location for the emergency services by providing the details on the marker closest to him on the National Road. He should find this information by merely moving 100 metres to the left or right.

Route Marker Board

R511-3:

R511 – indicates the road/route on which you are travelling, while the 3 (next to the R511) shows the section of the N3 on which you are travelling.

8,2 N:

8,2 – indicates the kilometre position on the route section

N – indicates the direction in which you are travelling, for example, the north direction

The elevation of road safety is a national priority and SANRAL has a clearly defined role to provide safe roads and infrastructure and play a prominent part in road safety education and awareness. The roads agency makes an essential contribution to road safety through the provision of safe roads. SANRAL encourages safe behaviour among all road users, whether drivers, passengers or pedestrians.

SANRAL tackles sinkholes

SANRAL has appointed consulting engineers to assess the sinkholes and design a repair solution to rehabilitate the N12 National Route section 16 road reserve.

“During 2015 several sinkholes developed within and adjacent to the N12 National Route in the vicinity of Stilfontein. Further sinkhole activity occurred within the sinkhole rehabilitation area in 2019. The sinkholes developed partially within the road reserve under the jurisdiction of SANRAL and on land under the jurisdiction of the City of Matlosana. The area is continually monitored for any significant surface ground movement, occurrence of further sinkholes and ground instability,” said SANRAL Northern Region project manager for construction Layton Leseane.

“The cause of a sinkhole may most likely be related to ageing bulk water services infrastructure and the effect of consequent damage inflicted by mining-induced tremors that occurred in the 2014 to 2019 period. A

site inspection in August 2019 revealed further ground movement due to continuation of water leaks in the bulk water infrastructure within the N12 sinkhole rehabilitation area,” he added.

Layton highlighted that sinkhole activity on the N12 National Route has raised major concerns about the safety of road users.

The rehabilitation will take about six months to complete, and the estimated contract value is R45 million.

SANRAL is working on the scope of works for two rehabilitation options, as well as compiling tender documentation for them, after which the sinkholes on the N12 will be rehabilitated.

In many cases, sinkholes don’t form suddenly – they build up slowly over many months or years. Signs indicating a looming sinkhole include fresh cracks in or outside the road and depressions in the ground.

Quick facts about sinkholes

1. Sinkholes are cavities in the ground that form when water erodes an underlying rock layer.
2. In South Africa, sinkholes occur in areas underlain by dolomite rock. The instability might result from natural processes but is also caused by human activities such as poorly managed surface water drainage and groundwater level drawdowns.
3. Heavy rainfall, floods and a few minor earthquakes caused by either mining activity or natural causes may trigger sinkholes.
4. About 25% of Gauteng and parts of the North West, Limpopo and the Northern Cape are underlain by dolomite.

Routine road maintenance in Moses Kotane

Implementation of routine road maintenance project well underway in Moses Kotane municipality. Good progress has been made on the implementation of the routine road maintenance (RRM) project in Moses Kotane Local Municipality, the South African National Roads Agency SOC Limited (SANRAL) said during its flagship Taking SANRAL to the People stakeholder engagement session recently.

“The routine maintenance is for three roads, the R510 national road from Rustenburg to the Limpopo border, R556 national road from R510 intersection to R565 intersection, and R565 national road from Rustenburg to R556 intersection,” said Fulufhelo Luruli, SANRAL Northern Region project manager.

The roads agency confirmed that Shonisani Rambau Construction was appointed as the contractor in November 2020.

“The sub-contracting tender advertisement has now closed, the appointed contractor is in progress with the evaluation process, some of the opportunities to evaluate include the procurement processes and level of jobs this three-year contract will create, as well as setting targets for skills development. SANRAL will sublet 50% of the contract value to targeted SMMEs for sub-contracting. Opportunities are available for local SMMEs (CIDB 1 to 4) for sub-contracting,” said Luruli.

RRM projects enable SANRAL to maximise the number of jobs created, especially for the youth and vulnerable groups that include black women and people with disabilities.

The local SMMEs and the communities who attended the engagement were able to seek clarity regarding how SANRAL is deciding about the 50% contract value aimed at local SMMEs for sub-contracting. They also wanted to know if SANRAL will target the local resources available in Moses Kotane municipality for this project. SANRAL confirmed that sub-contracting opportunities are targeted at local resources.

SANRAL Northern region stakeholder coordinator, Jullecsia Saul, provided clarity of how this works. “If the main contractor is a black female, the main contractor will get 60% of the project and 40% will go for the sub-contracting; if the main contractor is a black male, the main contractor will get 50% and 50% gets sub-contracted; if the main contractor is a white male or female, the main contractor gets 40% and 60% gets sub-contracted to the community,” said Saul. “For the RRM projects in the Moses Kotane Local Municipality, 50% will be sub-contracted to the community because the main contractor, Shonisani Rambau Construction is a black male-owned company. Tender opportunities for sub-contracting have been advertised and are intended for all SMMEs within the boundaries of Moses Kotane municipality,” Saul explained.

Japhta Mothusi Raphadu attended the engagement in his capacity as the councillor for Ward 16 in Welgewal, Moses Kotane. “I am happy that SANRAL opened the floor to listen to the views of its stakeholders regarding its projects in the municipality. What should happen is to find a way for all parties to meet each other halfway. We all want to see roads such as the R510, R556, R565 and R556

Targeted SMMEs came out in numbers to the 'Taking SANRAL to the People' engagement session hosted by SANRAL and were able to seek clarity regarding sub-contracting opportunities available.

national roads maintained. SANRAL and the community have to engage continuously to ensure that there is implementation at the end of the day,” said Raphadu.
