A warning was sent out on social media about an attempted hijacking close to Job Shimankana Tabane provincial hospital.

JST acting chief executive officer Gloria Thlapi

Rustenburg – A warning was circulated on social media urging residents to avoid using the road behind Job Shimankana Tabane (JST) provincial hospital and the road at the corner of Bosch and Heystek Street. The warning further stated that criminals are placing rocks across the road causing motorists to stop, giving the hijackers an opportunity to strike. A municipal vehicle allegedly almost fell victim to hijackers at this spot. What makes it worse is that it's a very busy route, with several schools, shopping centers, other hospitals and businesses within a close proximity. Police spokesperson sergeant Ofentse Mokgadi stated that although there were no hijacking incidents reported for this area, police are aware of various motor vehicle thefts around the hospital. The crime in the area got JST management to sharpen their security and various additional measures are being put in place to make sure that their staff and patients are safe. "We received numerous complaints about cars being stolen outside the facility so additional security is being outsourced. These guards and officials are placed in strategic areas around the hospital," said JST acting chief executive officer Gloria Thlapi in an interview with *Platinum Weekly*. The areas where the additional security has been placed include the casualty entrance, the maternity ward and the mental health department. There are also plans in place to strengthen security measures in the parking area that includes a motorised gate, proper access control, guard houses where security can monitor all the cars coming in and out as well as CCTV cameras at various entrances. Thlapi received a tip from police about people barricading the roads with stones around the hospital. She urges people using this road to be vigilant and, as far as possible, to avoid traveling alone at night. Thlapi added: "We want to make sure that those visiting the hospital feel safe to do so. We would like to assure the community that we have their safety and interests at heart, and we are working on making it safer." She also said that people should ask the security at the hospital's gate to accompany them to their vehicles at night. The hospital however can only do so much to up security on their premises, so they reiterated the fact that the community need to be careful and aware when using the roads around the hospital and that it is still the responsibility of the police to keep the community safe.

KZN flooding: “biggest mass rescue operation we have faced in recent history”

KZN – On 11 and 12 April, certain parts of KwaZulu-Natal received between 200 and 400 mm of rainfall in a 24-hour period. To date (17 April), a total of 443 people sadly lost their lives in KwaZulu-Natal due to the flooding. Approximately 48 people are still missing or unaccounted for. Says President Cyril Ramaphosa: “The loss of [400] lives and thousands of homes, as well as the economic impact and the destruction of infrastructure, calls for all hands on deck. We appreciate the solidarity and generosity with which people and organisations across the country have come to the assistance of those whose lives have been so tragically disrupted by the floods.”

The National Sea Rescue Institute (NSRI) commended the massive response from our NSRI stations in Port Edward, Shelly Beach, Rocky Bay, Durban and Ballito. All of their NSRI volunteers in the region contributed. NSRI describes this as the biggest mass rescue operation they have faced in recent history. Despite the sad loss of life, thousands of people were rescued and assisted. We extend our sincerest condolences to the friends, families and colleagues of the deceased. We pray that the missing are found and for God’s healing hands to cover those who were injured. Our thoughts are with those families who have loved ones who are still missing.

TWO-YEAR-OLD MURDERED

Mogwase – The Mogwase police arrested a 25-year-old man for the alleged murder of a two-year-old baby girl in Lerome East, Mogwase on Saturday 16 April. Apparently, the little girl was with her father when the man forcefully gained entrance into their shack. He demanded to see his girlfriend who used to stay there. The man did not want to listen to the explanation that the woman was unknown to him and started attacking the man, forcing him to leave the shack. According to SAPS, he tried to get back into the shack, but was locked out. With the help of neighbours, he broke the door down. That is when he found the lifeless body of his baby girl on the bed. She sustained head injuries. Members of the community allegedly assaulted the suspect and summoned the police and paramedics. The baby girl was taken to hospital but was certified dead on arrival. The suspect who sustained serious injuries was also taken to hospital and is expected to appear before the Mogwase Magistrates' Court as soon as he is discharged from hospital.

FARM ATTACK IN KROONDAL

Kroondal – Two men gained access to Morné Meintjes' house on a farm near Kroondal on Friday 15 April at around 2am. A struggle ensued soon after he realised that there were intruders in his house. The farm attackers shot Meintjes in the head. The bullet's entry wound is above his right ear, and the exit wound below his left eye. Says sergeant Ofentse Mokgadi: "A case of attempted robbery is being investigated." Meintjes was transferred to the Ga-Rankuwa Hospital. We wish Meintjes a speedy recovery.

Background

Rustenburg – *Platinum Weekly* was made aware of a man pretending to be a lodge owner in our area, so we set out to investigate. We ended up going down a rabbit hole of scams. The audacity of this serial scammer is mind boggling. We are placing only one or two of his scams (per week) in our newspapers. We already interviewed several of his victims. This serial scammer is also extremely dangerous and armed. He was recorded online, taking out his gun and threatening to shoot a man who confronted him about his scams.

It almost plays out like a movie... except it's not. It's real life and it's real people who lost real money. It is a pity, however, that only some of his victims have opened criminal cases against him. In some of the cases his scams appear to be nothing more than a power play... a need to impress the ladies...

More and more victims are coming forward and *Platinum Weekly* aims to expose all of his scams in the weeks ahead. We hope to warn people about his *modus operandi*, so that they don't get caught up in his web of lies. Hopefully he will be brought to book soon so that his identity can be revealed.

To protect his victims, we will keep them anonymous.

Far from home

Victim 7 shared her story with *Platinum Weekly*. She saw a vacancy which was posted on Facebook for a receptionist at a game farm near Rustenburg. She applied for the position and received a call from Mr. Scammer shortly after. She was interviewed online and after about a week of corresponding with Mr. Scammer, she was informed that she got the job and that she starts working on 1 February. Because this new job opportunity was about 400km

from where she stays, she decided to first have a look at the lodge and the people before packing up her whole life and moving to Rustenburg. Mr. Scammer welcomed the idea and invited her to come to 'his' lodge where he would then also give her, her contract of employment. (The circumstances of this scam are very similar to the scam in Part 1 of Serial Scammer)

Once she arrived at the lodge, things started to feel a bit 'out of place' but she gave him the benefit of the doubt. The red flags started going off when he

SERIAL SCAMMER

PART 3

told her that there are bugs in her bed and that she had to share a bed with him!

This kite was not going to fly so she approached one of the lodge's staff members and asked for another bed. The employee apparently looked a bit taken aback and she pulled the covers of the bed and said: "The bed is clean, we don't have bugs at this place, look for yourself." The victim told her that the 'boss' said that there are bugs in the bed. The employee apparently asked her which boss she was referring to. When Victim 7 pointed to Mr. Scammer, the employee indicated that Mr Scammer was not her boss.

At this stage Victim 7 knew that something was wrong but was stuck in a strange town with a strange man and he did not leave her side. He was always with her and listening in on the conversations, when she phoned her mother. Apparently, the staff member at the lodge realised that something was wrong and she informed the foreman at the lodge who constantly checked in with Victim 7 to make sure that she was okay.

From the lodge they went to Kempton Park for a 'business meeting'. Victim 7 told the *Platinum Weekly* that they were walking around in a mall for hours before finally sitting down at a restaurant, waiting to meet a business partner. A very suspicious looking man came to meet Mr. Scammer.

Victim 7 could apparently not hear what they were saying but they kept looking over at her and she got a strange feeling that she was in danger. A while later, another suspicious looking man

met them and started talking in private with Mr Scammer (one side). She got the same looks as with the first visitor and she got the feeling that they were negotiating about something – maybe someone. She reached out to a friend in the area and asked the friend to come and fetch her at the mall. At that point a third dodgy guy came over and started talking about a party where there would be drugs and girls. Victim 7 told us that her phone's battery started getting low and that she asked Mr. Scammer if she could go and charge her phone to which he made an extremely vulgar remark. She asked Mr Scammer to go to his car with her so that she could fetch her bags. "I feared for my life, but got out of there as quickly as possible," she said. She waited in another restaurant for a friend, who came to fetch her.

During the short period of time she spent with Mr. Scammer, he constantly played on her emotions and he manipulated her. He apparently even pretended to be sick, looking for sympathy. Victim 7 said that Mr Scammer had a gun on him the whole time. The only money she lost was paying for the accommodation but emotionally she was left traumatised by what happened.

He operates all over the show. If some of these stories sound familiar to you, please let us know about it. Even if you were scammed a year or two ago, you can still report it to SAPS. We urge victims to go to their nearest police station to open a case. This dangerous man should be brought to book.

If you missed part two, you could read about it in *Platinum Weekly's* 15 April issue.

Watch this space for part 4, where more of his scams will be exposed.

PROPERTY POWER STRUGGLE CONTINUES

Dwaalboom – The plot thickens in and out of court, involving four properties totalling 5,500 hectares outside Dwaalboom. In the latest judgement between four private companies (applicants) and the respondent Bakgatla-Ba-Kgafela Communal Property Association (BBKCPA), the judge ruled in favour of the applicants, 'Interdicting and restraining the Respondent and any other person acting under the authority of the Respondent from executing any allotment and/or lease agreements and disposing of and dealing with the properties.'

In an interview with a local community member, who wishes to stay anonymous: "It's a power and property struggle involving the Bakgatla-Ba-Kgafela. A leadership shift in 2020 involved the provincial government and the High Court. Ever since then the power struggle has not ended and both sides have their own supporters. I would not be surprised if the torching of Kgosi Linchwe's property, on 23 October 2021, had something to do with this."

community member, with no contract with the BBKCPA, started to plant sunflowers on the property in December 2021. The good rains at the beginning of the year soon transformed the fields into a sunflower haven and it is almost ready to harvest. The community member is part of the businesses who won the latest court interdict. The Limpopo High Court on 18 January 2022 ruled in favour of BBKCPA to 'immediately restore the property to BBKCPA for the peaceful and undisturbed possession, use and enjoy of the crops and farming purposes' of the said farms. The ruling also stated that members not affiliated by BBKCPA should immediately cease any and all farming activities. In the meantime, the Limpopo High Court on 13 April 2022, ruled in favour of the private companies. The court stated that the BBKCPA does not have the authority to manage the properties.

Certain disgruntled Bakgatla-Ba-Kgafela community members accompanied by members of the Limpopo Economic Freedom Fighters (EFF) marched to the Dwaalboom Police Station on Tuesday 12 April.

EMERGENCY MEDICAL CARE

084 124

Rustenburg – Every minute counts when transporting a seriously injured patient. Since helicopters can land at most hospitals, transporting patients by helicopter is very convenient and ensures the shortest possible travel time for seriously injured patients.

A woman was critically injured during an accident on the N4 on Thursday 7 April, when the taxi she was traveling in overturned. ER24 paramedics responded to the scene. The women's injuries included a humerus fracture, intracranial haemorrhage, and a diaphragmatic rupture. She was initially transported to Medicare whereafter she was referred to Job Shimankana Tabane Provincial Hospital.

ER24 once again came to her aid after she had to be transferred to Ahmed Kathrada Private Hospital in Johannesburg. Due to the severity of her injuries, she had to be transported via helicopter. The team collected her from JST and took her to Bergsig Academy's sports grounds where the Rocket Air Ambulance was waiting.

In another incident, ER24 paramedics saw to the safe transfer of a four-year-old girl who sustained serious injuries to her left femur in an accident on 18 April. It was decided that she should be transferred to Lenmed Randfontein Private Hospital. In the meantime, she was transferred to Ahmed Kathrada Private Hospital in Lenasia for further treatment. The Rocket Air Ambulance was waiting for her on Laerskool Proteapark's sports grounds on 19 April, where the ER24 paramedics loaded her safely into the helicopter. Her father was also on scene, making sure that his baby girl was on her way to receive the much-needed care. Once the helicopter was in the air, he followed in a car to meet them at the hospital.

Four-year-old injured in accident

Rustenburg – Trauma Rescue paramedics responded to a horrific accident at the R24 and R104 crossing at Rudan Garage on Monday 18 April. When emergency services responded to the scene, they found five people who were injured in an accident involving two vehicles. Trauma Rescue transported three of the five injured to hospital. Among these three was a four-year-old girl who was a passenger in one of the vehicles. She sustained serious injuries to her left femur.

Do your bit for autism awareness

Rustenburg – The Ride 4 Autism Awareness (RAA) campaign is calling upon all cyclists to help educate the community about the disease.

The 2022 RAA Campaign will be held at Olympia Park Stadium on Wednesday 27 April with the goal of creating more awareness about autism.

Autism, also called autism spectrum disorder (ASD), is a complicated condition that includes problems with communication and behaviour.

Chief executive officer at Puo Phaa Mosadi Lebo Mosime said their non-profit organisation, which is organising the initiative, is also seeking to raise funds to build a school.

Said Mosime: "Many children have not been diagnosed yet, and many parents have no idea that their children may have autism.

"Our goal is not only to create awareness in South Africa, but to also hopefully build a special school for autism in Rustenburg as

there are none in the North West province.

"The RAA was established 3 years ago in Kenya by Andy Speaks 4 Special Needs Persons Africa, a rights-based not-for-profit organization that champions for the mainstreaming of neurodevelopmental disabilities including Autism spectrum."

The 2022 initiative will be held simultaneously in eight cities (including Rustenburg) from five countries. All participants will ride, walk, or cycle on the same date.

Puo Phaa Mosadi are Kenya by Andy Speaks 4 Special Needs Persons Africa's partners for the South African activities of the initiative.

"The ride will be through a yet to be determined route in and around Rustenburg. Autism booklets will be issued during the campaign by the riders at different points along the route," Mosime explained.

For more information contact Lebo Mosime on 082 7488 675 or email info@puophaamosadi.org.

Poll: Will you ever go bungee jumping?

Those who have done it describes bungee jumping as amazing, incredible, awesome, mind blowing... but it's not for the faint-hearted. Will you ever take the plunge?

Yes, I'm an adrenaline junky so I think it would be a great thrill and I'm a little scared of heights so it would be a great way to try and overcome that fear.
